DETAILED ACTION

Response to Amendment

1. The amendment filed 5/25/2004 has been entered. Claims 1, 3-5, 21, 23-25, 41, 43-60 have been amended. Claims 2, 22, 42 have been canceled.

Allowable Subject Matter

2. **Claims 1, 3-21, 23-41, 43-60 are allowed.** (Re-numbered as 1-57)
3. The following is an examiner's statement of reasons for allowance: Prior art of record do not teach the combination of the claimed elements including: "a capability of production training the predefined data mining model using the historical data in the input data schema, wherein use of the capability of production training the predefined data mining model results in creation of a production trained data mining model; and a capability of production scoring production data by use of the production trained data mining model" as recited in independent claims 1, 21, and 41.

Thus, prior art of record neither renders obvious nor anticipates the combination of claimed elements in light of the specification. After a further search and a thorough examination of the present application and in light of the prior art made of record, claims are 1, 21, 41 are allowed. Dependent claims 3-20, 23-40, 43-60 are allowed at least by virtue of their dependencies from claims 1, 21, 41.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
